The Massachusetts
Rider Education
Program (MREP)

ABOUT THE PROGRAM 2

To minimize the risk and maximize the fun of motorcycling, the Registry of Motor Vehicles sponsors the Massachusetts Rider Education Program (MREP). The mission of this program is to reduce the number of motorcycle related fatalities and injuries in the Commonwealth through increasing the statewide availability of Motorcycle Safety Foundation (MSF) approved training courses for motorcycle riders and to increase awareness and education for both riders and other drivers.

In keeping with its mission statement, the MREP has provided training motorcycles and/or promotional and technical assistance to a statewide network of training sites. All RiderCoaches that teach these motorcycle safety courses are MSF certified with additional MREP approval.

Since its inception in 1990, the MREP has trained more than 62,000 students (almost 8,300 in 2004 alone). There were also 746 students that went through the Experienced Rider Course. In 2004, Massachusetts had over 146,500 registered motorcycles and just over 286,000 licensed motorcyclists. There were 56 motorcycle fatalities as of Nov 2004.

Funding comes from Massachusetts General Law, Chapter 90, Section 34: "...\$2.00 from each motorcycle registration fee shall be paid by the Registrar or by the person collecting the registration fee into the general fund and shall be appropriated solely for the purpose of promoting and advancing motorcycle safety." The Governor's Highway Safety Bureau (GHBSB) also maintains Motorcycle Safety Federal Grant monies. These federal grant monies must meet National Highway Safety Administration policies and guidelines.

BASIC RIDER COURSE

This is an approximately 15-hour course (5 hours classroom, 10 hours riding). It costs \$249 to \$389, depending on the MREP site. Some MREP sites offer a lower tuition for students under 21 years of age. Training motorcycles (250 cc or less) and course books are provided to students. A limited number of loaner helmets are available for students without one.

CLASSROOM SESSIONS COVER:

- The challenge of motorcycling
- Motorcycle controls
- Rider and motorcycle preparation
- Basic riding skills
- Street strategies
- Advanced turning and braking techniques
- Special riding situations
- Dangers of impaired riding

ON-CYCLE SESSIONS COVER:

Students must attend all on-cycle and discussion sessions and pass both a multiple choice knowledge test and a riding skill evaluation to graduate from this course and to receive a course completion card.

Statewide, approximately 95% of students successfully complete this course their first time. Please understand this course has a group learning format that limits the ability of instructors to provide individual instruction to students. This course is also mentally and physically demanding. Weather conditions can increase the stress on students. Please review the Course Requirements section to learn about other course limitations.

RIDER TIP

Get Licensed... First, get a motorcycle learner's permit by passing a knowledge test based on the Driver's Manual, which is available at the Registry. This test may be taken without an appointment at any full-service Registry office. Next, pass one of the MREP's courses or the Registry's road test to earn your motorcycle license or endorsement. Check the Registry Driver's Manual for further information, restrictions, and current fees, or visit our web site at www.mass.gov/rmv.

6 DESCRIPTIONS

Statewide, approximately 96% of students successfully complete this course their first time. Please understand this course has a group-learning format that limits the ability of the Rider Coach to provide individual instructions to students. This course is also mentally and physically demanding. Weather conditions can increase the stress on students. Please review the Course Requirements section to learn about other course limitations.

YOU MUST BRING THE FOLLOWING TO EITHER COURSE:

- Valid Massachusetts motorcycle learner's permit or a valid motorcycle license from any state
- **Clear photocopy of learner's permit, if seeking the RMV road test exemption. See Course Requirements on page 7 for more details**
- Pencil or pen for note taking (BRC only)

Students under 18 years of age will need to present a parental permission form at the first class session (this form will be sent to you before class)

YOU MUST BRING TO THE RIDING SESSIONS OF EITHER COURSE:

- DOT-approved helmet and eye protection (face shield, eyeglasses, or sunglasses)
- Long sleeve shirt or jacket and long pants
- Sturdy, over-the-ankle footwear
- Full-finger leather gloves
- Rain gear (both courses run rain or shine) and sunblock
- Snack/lunch and non-alcoholic beverages

RIDER TIP

Wear Protective Riding Gear... State law requires motorcyclists and their passengers (also moped riders) to wear a helmet that meets the current Dept. of Transportation's (DOT) safety standard. State law also requires motorcyclists and their passengers to have eye protection. To better protect yourself from the elements and the road, wear a long sleeve shirt or jacket, long pants, over-the-ankle footwear, and full-finger gloves.

RIDER TIP

Ride Straight... A first-time Driving Under the Influence (DUI) conviction in Massachusetts is punishable with up to 2½ years in jail, license suspension, and fines up to \$5,000. State law uses a 0.08 Blood Alcohol Content standard for adults and a 0.02 standard for those under 21. By riding free of drugs and alcohol, you avoid unnecessary risks and the expense of a DUI conviction.

 - Include a photocopy of your learner's permit when you submit a registration form to a site coordinator OR bring a photocopy of your learner's permit to the first session.
 - After completing the course, continue to operate under the restrictions of your learner's permit until you receive your new license in the mail.
 - If you are under 18 years of age, you must contact the site coordinator for further information on your eligibility for the RMV road test exemption prior to registering for a course.
- Both the Basic and Experienced Rider Courses involve the risk of personal injury. Students unable to maintain pace, for any reason, of either course or who pose a hazard to themselves or others may be dismissed by the instructor.

- Students registering for the Basic Rider Course must at a minimum be able to ride and balance a bicycle.
- Motorcycles used in the Experienced Rider Course must pass a pre-ride inspection given by the instructors.
- Cancellation Policy:** No refunds will be made to students with less than 10 days written notice prior to the start of a course. All cancellations that are made more than 10 days prior to the start of the course will be charged \$25. To receive a refund, a request must be sent in writing (US Mail, e-mail, or fax) to the site coordinator. No refunds will be made to students who are late to class, dismissed, voluntarily leave, do not pass a written or riding evaluation, have previously rescheduled, or miss a segment of either course.

All such reschedule requests must be in writing (US Mail, e-mail, or fax) and received by the site coordinator at least 48 hours before the class and will be subject to a non-refundable \$25 charge. Any reschedule within 48 hours of the class will be charged a \$100 reschedule fee.
- Classes may be canceled with no notice due to inclement weather, an inability to access necessary facilities, or other unforeseen problems. Students will receive a full refund in such rare cases. It will be each student's responsibility to schedule a new class date with the site coordinator.
- Students may retake the riding skill evaluation only once for any one class. Students who must return to the training site for their second riding skill evaluation must do so within 14 days of the class completion date on a space-available basis. All such retakes will be subject to a \$25 charge.
